JAFFREY SCHOOL BUILDING COMMITTEE

Chairman's Report

The work of the Building Committee having been completed, I wish to take this opportunity to acknowledge on behalf of the School Board and myself the invaluable assistance of Judge Wilbur E. Webster and Mr. George H. Duncan, whose presence on the committee was largely responsible for the successful completion of the project.

We are particularly indebted to Mr. Duncan, not only for his extensive knowledge of the intricacies of such an undertaking, but also for his intense interest and unceasing supervision of the many details involved. I am personally grateful to him because without his counsel I should have found it difficult to discharge my duties as chairman.

The Committee feels that, although some desirable features have been omitted from the building, these have been largely ornamental in nature and did not warrant the expenditures necessary to their inclusion.

The essential features of the erection of the building have been covered in more or less detail in previous Town Reports. It has been suggested, however, that in view of the fact that this is the largest project Jaffrey has undertaken, a special complete report embodying the details of construction, description and pictures of the exterior and interior of the building would be desirable.

Because such a report will involve considerable preparation it is felt that it would be fitting to have it printed in pamphlet form to be distributed as are the Town Reports, and also to include it in the next Town Report. This can be done at very slight expense by the School Board. Mr. George H. Duncan has accepted the task of compiling the statistics and drafting the report.

On behalf of the Building Committee as a whole, I thank the Citizens of Jaffrey for their confidence and support.

C. Francis Wozmak, Chairman.

The meeting was called to order by Moderator, George H. Duncan, at 9 o'clock in the forenoon. The Moderator read the warrant and the return of the same.

At the invitation of the Moderator Dr. Charles S. Mills offered the invocation.

The package of ballots was publicly broken in open meeting and the ballots were delivered to the ballot clerks.

Jason Sawyer mentioned that Union Hall should be remembered and that he went to Union Hall while it was being torn down and secured some

Motion was unanimously carried.

The Clerk cast one ballot and Frank H. Baldwin was declared elected Trustee of Trust Funds for Three Years.

It was moved and seconded that the Moderator appoint a Committee of three to present names for Auditors.

The motion was unanimously carried.

The Moderator appointed for said Committee: Lewis S. Record, George W. Doud, and Rufus S. Fenerty III.

Said Committee reported and recommended as follows: Joseph D. Donahue, Fred L. Cournoyer, and George A. Hart.

This motion in no way to effect any item in said Budget, which may be acted upon under said Articles above mentioned. Or any Budget Estimate which the voters may at any time desire to act on, as an individual item.

Motion seconded.

Frank H. Baldwin refused to accept this amendment.

The amendment was seconded.

Ferdinand Gordon withdrew his amendment.

Motion seconded and unanimously carried.

Article 6. Arthur S. Buss moved, That the Town Raise and appropriate the sum of Two Hundred ($200.00) dollars to continue the survey of Town Roads.

Motion seconded.

Moderator ruled that the motion made by Arthur S. Buss is out of order; that it is not in accord with the Article in the warrant. The Moderator decided that in an Article in the warrant with a limitation of a specific sum the Moderator has no right to entertain a motion contemplating and appropriating a different sum. Delcie D. Bean appealed the Moderator's ruling. Moderator stated if the voters believe he is correct they should vote yes, if the voters believe the Moderator wrong vote no. Moderator also stated that if the voters do not care to back up the Moderator that in the future money figures in the warrant would mean nothing. The meeting could always change the figures by raising or lowering the figures in the warrant and there would be nothing definite.

Merrill G. Symonds moved that we pass over Article 6.

Motion seconded.

Moderator ruled that this motion takes out of the field the above appeal.

Motion carried.

Article 7. Delcie D. Bean made a motion to pass over this Article.

Motion seconded.

Frank Baldwin moved to amend this amendment so that it would read as follows: "that the agent for the sale of the Histories contact the Monadnock Region Association and try to sell two copies of the Town History to the said Association, and if she fails to make a sale that the Town raise and appropriate the $370.00 as stated in the original motion."

This was seconded.

Moderator suggested that Frank Baldwin's amendment to Charles Phelp's amendment be withdrawn and Frank Baldwin withdrew it.

Charles Phelps' amendment lost.

Original motion unanimously carried.

Frank H. Baldwin moved the following resolution: That the Agent for the Town History contact the Monadnock Region Association and try to sell them two or more sets of the Town History and if she fails to sell the sets then the Town shall present two sets to the Association.

Moderator ruled that the resolution has no legal effect because there is no Article for it in the warrant, but the resolution has a moral effect.

Seconded and carried.

Article 14. Benjamin F. Worcester moved, That the Town raise and appropriate the sum of $500.00 (Five Hundred) dollars to use for work of grading and installing drain pipe and any other necessary work at Humiston Field, this work to be under supervision of the Park Commissioners.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Jaffrey School Board:

I submit herewith my twenty-second annual report as Superintendent of Schools, it being the thirty-first in the series under union supervision. With this report is submitted the report of Headmaster Ernest B. Dana, and Mrs. Helen L. Towne, R. N.

In the high school Miss Elinor Connor, teacher of English is the only new member of the faculty. Miss Connor is a graduate of Boston University, A.B. 1934, A.M., 1939. She taught one year in Maine and two years in Ashby, Massachusetts, before coming to Conant High School.

In the elementary grades the only change was occasioned by the resignation of Miss Abbie E. Shea, who has been one of our outstanding teachers in the intermediate grades for more than ten years. She was succeeded by Miss Vera L. Hamblet, a graduate of Keene Teachers' College with teaching experience in Marlow and later in Rindge.

The enrollment for the present school year is 561 as compared with 563 for the same period last year, and 587 for the entire school year 1938–1939.

The enrollment for last year included 22 pupils who had been previously registered in some other school in the state during the school year. The usual number of such pupils is seldom over three or four and has never been over ten since the school year 1931–1932.

Evidently most of the increase indicated last year was of pupils who were in town only a few months.

During a period of ten years the total enrollment has varied from 535 in 1930–31 to 587 last year. The figures for this period are as follows:

	Senior High 9—12	Junior High 7—8	Elementary 1—6	Total
1929–30	80	107	368	555
1930–31	89	112	334	535
1931–32	103	102	355	560
1932–33	111	108	337	556
1933–34	131	116	332	579
1934–35	125	109	340	574
1935–36	123	104	353	580
1936–37	124	93	345	562
1937–38	115	110	326	551
1938–39	133	124	330	587

The work of the elementary grades in the new school building has been carried on under much better conditions than was possible in the crowded conditions that previously obtained. The arrangement of classes has been carried on practically the same as outlined in last year's report except that with the resignation of Miss Shea who had taught grade five. Miss Vanni was transferred to that grade from grade six and Miss Hamblet was placed in charge of grade six.

Achievement tests have been given in the elementary grades and the results have been carefully checked. These tests are helpful in making clear not only the achievement of the pupils in the fundamental subjects, but also in showing where special drill is required in bringing the work up to the required standard.

During the summer vacation the grounds of the new school were graded and since the opening of school a suitable flag pole has been erected.

One way signs have been posted on the drives for the safety of the pupils, and to avoid congestion when cars are parked in the rear of the building. Electric lights should be installed at the rear of the school to facilitate parking when the auditorium is used in the evening.

The work of the high school has been described in the headmaster's report. The work of the junior and senior high school has been particularly encouraging during the present school year.

One need exists at the Conant building which we hope can be taken care of during the coming year — the establishment of a manual arts department. This would, for the first year, include only grades seven and eight. A manual training room could be partitioned off in the boys' basement and the necessary equipment for the first year installed at moderate expense. This department has been needed for a long time, but with the expense of the new building it has seemed necessary to postpone this added expense during the past three years, but it seems that a beginning could be made at this time.

In addition to attending the State Teachers' Convention in Keene last fall, all our teachers attended the general meeting of the supervisory union held in Peterborough on the evening of October 24th. President Young of Keene Teachers' College addressed the group at this meeting.

During the school year 1938–1939 an informal organization of the elementary school principals of Peterborough, Jaffrey, Dublin, Hancock and Rindge was completed.

The first meeting was held in Dublin, and a second meeting was held in January of this year at Conant High School. The girls of the Home Economics group served a supper and Miss Phila Griffin, Elementary School Agent of the State Board of Education carried on an interesting conference with these teachers. Miss Griffin's visit was so arranged that she was able to spend one-half day in the Jaffrey schools and a half day in the grades in Peterborough.

I desire at this time to express my sincere thanks for the cordial support of all school officials, teachers, parents and pupils during the past year.

Very truly yours,

LEWIS S. RECORD
Superintendent of Schools.

East Jaffrey, N. H., February 17, 1940.

REPORT OF HEADMASTER OF CONANT JUNIOR-SENIOR HIGH SCHOOL

To Lewis S. Record, Superintendent of Schools, East Jaffrey, N. H.

The following is my third annual report as Headmaster of Conant Junior-Senior High School:

Teaching Staff

There has been but one change in the teaching staff; Miss Elinor Connor of Newburyport, Massachusetts, taking the place of Miss Alice E. E. Lehtinen as teacher of English. As during the past year there are five teachers doing full time work in the senior high school, three teachers doing work in both the senior and junior high school, and two teachers doing full time work in the junior high school. The music supervisor works one half day each week and the school nurse works one day each week.

Enrollment and Attendance

Whereas the present enrollment in the senior high school is one hundred and thirty-one, the total enrollment has been one hundred and forty-one, as compared with one hundred and thirty-three of last year. Ten have left school since beginning in September: one senior, three sophomores, and six freshmen. The present enrollment in the junior high school is one hundred and eight, whereas the total enrollment has been one hundred and twelve. Four pupils have left school since beginning in September: one in the seventh grade and three in the eighth grade.

The distribution of pupils by age and grade follows:

The attendance in the senior high school for the year 1938–1939 was 95.1% as compared with 95.2% for the state as a whole and the number of tardinesses per pupil was 1.4 which was .4 above the state average. The number of half days in which schools were in session in 1938–1939 was 344, while the average for the state was 351.1. For the current school year (first twenty weeks) the per cent of attendance has been 96.95 and the number of tardinesses per pupil .87.

In the junior high school for the same period the attendance has been 97.49 and the number of tardinesses per pupil 1.23.

Activities from February 1939 to February 1940

DRAMATICS: On March 24 the Junior Class presented the three-act comedy "Lindy Lou" in the School Auditorium. Both the coach, Miss Alice E. E. Lehtinen, and the members of the cast deserve much credit for the success of this lively comedy packed full of rapid action, wit and humor.

The Senior Class presented their play earlier this year than in the past in order to avoid conflicts between rehearsals and the many other school activities which get under way as the year progresses. Under the direction of the coach, Miss Elinor Connor, they presented the three-act comedy, "It's A Long Lane," in the School Auditorium on November 24. This play furnished an unusual opportunity for characterization and dress and showed that much time and work had been put into its production. It was an all around success.

At the present time the Juniors and Miss Connor are making plans for their class play which will be in March.

WASHINGTON TRIP: During the April vacation twenty-two of the twenty-four members of the Senior Class with Mr. Ernest B. Dana and Miss Marjorie L. Frost as chaperones, went to Washington. The trip this year again was under the guidance of the Baltimore and Ohio Travel Agency. On the trip as in the past just as many as possible of the points of national interest in or near the Nation's Capitol were visited by the class between the time of arrival there on Saturday afternoon and when the group left for New York on Tuesday afternoon. The high light of the stay in Washington was in having Senator Bridges and Congressman Stearns personally conduct them through the Capitol Building. In New York, too, practically every moment was taken up with visits to points of interest and with sight-seeing trips.

ATHLETICS: Conant High School Athletic Association wishes to express again its sincere appreciation to the School Committee and townspeople for the interest and support which has made possible the furnishing to our boys and girls the opportunities which are essential to a well equipped high school physical education department. The returns realized from activities sponsored by local organizations and the patronage at games have contributed a great deal to the steady development of this important part of the school's program.

The new bleachers installed in the gymnasium have been greatly appreciated by the student body and townspeople. It is the forthcoming of such needed facilities, plus the increasing interest and enthusiasm of the players and student body, maintained by a hard working and capable coach, that the school teams have continued to develop steadily. It might well be said that the competition furnished by the Conant boys and girls in the interscholastic contests during the past year has been of a nature which has won the approval of friends and the respect of opponents.

The baseball team finished the season in third place in what was one of the most closely contested baseball years in the Monadnock League for some time. Both the girls' and boys' basketball teams again displayed strength this year as was evidenced by the boys finishing the season in second place and the girls with several major victories and most defeats by but a narrow margin. Although several outstanding players will be lost in both sports by graduation, there should be a sufficient number of experienced players to build up strong teams for another year.

MUSIC: Although our music supervisor instructs but one-half day each week at our building, a surprising amount of work is accomplished. The time is about equally divided between the choruses and glee clubs. In May five pupils represented Conant at the tenth New Hampshire State Music Festival held in Concord. Since then the high school glee club has taken part at two Amos Fortune Prize Speaking Contests and the choruses from both the senior and junior high school have furnished important parts in the graduation exercises of their respective schools. At the present time the senior high glee club is working on a concert to be given at a Parent Teacher Meeting in Keene this month.

MISCELLANEOUS: On May 19 the Junior Class held its May Ball, and on June 20, the night after graduation, its reception to the seniors was the outstanding social event of the year.

In June the junior high school held its second annual field day at Lake Contoocook and Humiston Park. The various games, swimming and refreshments were enjoyed by all.

On October 27, this year's Junior Class held its first school dance, the Hallowe'en Ball in the School Auditorium.

The fifth Amos Fortune Prize Speaking Contest was held May 17. First Prizes were won by Jeanne Snow and Willard Smith, Jr., and second prizes by Marion Hunt and Julius Mei.

On November 16 at the Junior High School Prize Speaking Contest, the winners were Richard Brown, first; Samuel Stratton, second; and Pauline Peters, third.

The sixth Amos Fortune Prize Speaking Contest was held in the fall this year, on December 14, when Constance Therrien and David Heil won first prizes, and Phyllis Devlin and David Vinal won second prizes.

CONCLUSION: It has been possible this year to schedule regularly several supplementary school activities by cutting the number of periods from eight to six and by lengthening them from forty to three fifty and three sixty minute periods. The longer period makes possible more time for discussion and supervised study. In the longer periods, also, with the exception of the sciences, certain commercial subjects, and home economics, the classes meet but four times a week. In this way periods are available for music, work in fundamentals, assemblies, clubs, conferences, and make-up. In the junior high school it is now possible to give each group of boys and girls two periods of physical education in the gymnasium.

The requirements of the George Deen Act are met in the instruction of Home Economics in the above schedule, which means assurance of the continued reimbursement from the Federal Government for about one-third of the salary of the teacher of this course.

The partition has been cut through between the former economics room and the old English room, which has added much needed space for the adequate handling of the larger groups from the junior high school. The addition of two gas ranges and a dining room suite has added attractiveness as well as useful equipment to the quarters of this department.

The commercial room has been changed to the northwest or what was known as the mathematics room. This change has resulted in two advantages: namely, more light for the Commercial Department and an additional room to the laboratory for the larger groups now taking the sciences. There is still a need, however, for a room equipped with a glass partition in order that the commercial teacher can supervise two kinds of commercial work during the same period.

Commercial Law has been added to the curricula as an elective subject in the junior and senior years. This subject will alternate with sociology every other year so that any pupil may have the opportunity to take both these subjects.

A savings system has been started at the school through which it is hoped that the pupils will develop the habit of saving regularly. The primary purpose is to help finance the Washington trip.

Respectfully submitted,

ERNEST B. DANA
Headmaster.
